Sale of Ragnar Metals Sweden AB to BHP for A\$9,800,000

HIGHLIGHTS

- Cash consideration of A\$9.8m payable for the sale of its wholly owned subsidiary Ragnar Metals Sweden AB
- In addition to the cash consideration, a deferred 1% Net Smelter Return Royalty is payable to Ragnar
- BHP has a right to buy back the Royalty for A\$10,000,000
- The divestment of these assets provides significant funding for Ragnar as it seeks to further its other critical mineral interests in Sweden.

Ragnar Metals Limited (**ASX: RAG, Ragnar, the Company**) is pleased to announce that it has entered into a conditional sale and purchase agreement (**SPA**) to dispose of its wholly owned subsidiary Ragnar Metals Sweden AB to BHP Metals Exploration Pty Ltd, a subsidiary of BHP Group Limited (**ASX: BHP**) (**Agreement**).

The sale includes tenements and exploration licences over the Tullsta nickel project in Sweden. The sale is expected to be complete by 30 September 2023, with A\$9,800,000 to be paid by BHP Metals Exploration Pty Ltd on completion. Deferred consideration, in the form of a 1% Net Smelter Return Royalty (**Royalty**), will be payable to Ragnar upon commencement of commercial production. The Purchaser may buy out the Royalty for a further A\$10,000,000.

The transaction is subject to the satisfaction of conditions, including RAG completing an internal restructure to transfer specific Swedish licences from RAG to Ragnar Metals Sweden AB.

A summary of the material terms of the Agreement, including the licences being disposed of, is set out in Annexure A.

Executive Director, Eddie King said:

“The sale of Ragnar Metals Sweden AB, with the foundation Swedish licences, to BHP validates the Company’s original strategy and the potential of the Tullsta Nickel Project. This transaction provides exceptional value for the Company with a substantial initial cash injection and exposure to production through the Royalty. I am excited to continue working with BHP to finalise the transaction and then re-direct our attention to exploring further critical mineral opportunities in Sweden.”

This announcement is authorised for release by the Board of Directors of RAG.
